

IWG CASE NO. 1

SUBJECT

Cargoes of Oil Carried by Polish Ship RYSY, Rotterdam to Gdynia

INITIATING AGENCY AND DATE

OSD; 30 Sept 52

BACKGROUND

25X1A

[REDACTED] shows that the Polish ship RYSY carried cargoes of oil to Gdynia departing Rotterdam 8 April and 3 May 1952.

The OSD member requested that steps be taken to obtain additional data concerning these shipments since the shipment of oil would appear to require consideration as an exception under the Battle Act. Information desired includes: type, amount and origin of petroleum products; point from which shipped to Rotterdam; name and nationality of persons or companies associated with the transactions. If transactions considered by Dutch to be transit trade, basis for such consideration is desired.
